

JA Job Shadow™ High School

JA Job Shadow prepares students to be entrepreneurial thinkers in their approach to work. Students will acquire and apply the skills needed in demanding and ever-changing workplaces.

Following participation in the program, students will be able to:

- Recognize career clusters and potential job positions and understand the importance of researching the requirements needed to earn a position.
- Develop job-hunting tools, such as networking, resumes, and interviewing skills.
- Identify the next steps needed in their personal career preparation.

Session One: Before the Job Hunt

Students are introduced to the *JA Job Shadow* program and the Seven Steps to Get Hired and Succeed. Through a close examination of specific skills and career clusters, they learn the key factors to investigate in career planning: skills, interest, work priorities, and job outlook.

Session Two: Perfect Match

Students review the Seven Steps to Get Hired and Succeed and analyze job-hunting skills. They then participate in mock interviews to prepare for the Job Shadow Challenge at the site visit.

Session Three: Next Steps?

Students reflect on what they learned before and during the site visit, and they practice business communication by composing a thank-you note. They then create one of four career-preparation tools: a career assessment, an elevator pitch, a resume, or an infographic profile.

Key Learning Objectives

The students will be able to:

- Recognize career clusters that match their skills and interest.
- Demonstrate self-awareness of their soft skills in work scenarios.

Key Learning Objectives

The students will be able to:

- Review methods of identifying job openings.
- Demonstrate professional interviewing skills.
- Express expectations for the upcoming site visit.

Key Learning Objectives

The students will be able to:

- Evaluate personal priorities based on their site-visit experience.
- Showcase identified skills.
- Apply program knowledge to at least one of four career-preparation tools.

JA Job Shadow™

High School

Program Basics

- Includes three sessions plus a Job Shadow site visit recommended for high school students.
- Average time for each session is 45 minutes and includes a site-visit experience of at least three hours.
- Materials are downloadable and include detailed session plans for the site-coordinator, students, and teacher.
- Provides instructions to begin using Kuder® Navigator. Kuder Navigator, provided by Junior Achievement, is an online educational and career planning system designed primarily for today's middle school and high school students.
- Session-specific, student-friendly downloads increase student interaction and emphasize JA's experiential approach to learning.
- Correlates well to state social studies and English standards, as well as to the Common Core State Standards in English/Language Arts.
